INTRODUCTION

The Difference

We have been constantly creating history in design & build, turnkey contracts & infrastructure, by envisioning one step beyond the expectation of the clients, to build an illustrious 16 years of expertise. We build on customer aspirations, help them visualise their dream and transcend their plans into lifestyle. We create high-end experience connecting the brands with clients through enlivening interiors and infrastructures of premium designs and meaningful detailings. Come, let's combine your ideas and our personal insights.

**Motivation is what gets you started.
Commitment is what keeps you going.**

VISION

Our Commitment

We nurture the culture of being mutually reliable, responsive & respectful. We never let communication breakdown, as we approach clients via a single point of contact throughout the process. We believe that no work is so important that it has to be done without due consideration for safety. We do all it takes to keep the workplace safe. We trust this culture helps us build healthy relationships & worthy human values besides great interiors.

PHENOMENAL

Design & Build

Ensuring customer-centric work done by a single entity, right from design to construction. We ensure quality over everything and let you embrace the outlook of what you dreamed of. In a design and build project, the client typically contracts with a design and build firm. This approach allows for a seamless transition from the design to the construction phase, eliminating communication breakdowns.

Design is intelligence made visible.

CALIBRE

Turnkey Contracting

Projects completed and delivered by a single contractor team, ready-for-use, on time, every time. We deliver what we promise and stand by our commitment to quality, calibre and safety. The contractor's team of professionals from architects and interior designers to engineers and construction workers, will work closely with the clients to create customised designs that meet their specific needs.

**The details are not the details.
They make the design.**

AFFIRMATION

Interior Contracting

This includes everything from the initial conceptualization and design of a space to the final installation. We attend to the smallest details in the plans & drawings, to ensure perfection. Once the design is finalized, the interior contracting firm will oversee the construction process, coordinating with all subcontractors to ensure that the project stays on schedule and cost-effective to the client's satisfaction.

**Create with the heart;
build with the mind.**

Criss Jami

WORTHWHILE

Civil & Infrastructure

Handing over the complete package of civil works on scheduled time with perfect aesthetic touch. We know the importance of timely execution of civil works & infrastructures. Civil and Infrastructure involves the design, analysis and management of infrastructure that support human activities, such as transportations, electric power, water and wastewater management and communications.

**Testimonials describe what has been,
and are a promise of what is to come.**
